

REGENCY

MATTRESSES & BOX SPRINGS

Our Regency mattresses and box springs offer excellent support and durability. There are two models available, both of which feature an offset innerspring system and handles for ease of turning. The real working box spring features and additional wood slat for extra support.

Sets starting at: \$435

HOW TO BUY

COMFORT CHOICE:

REGENCY SAPPHIRE

REGENCY SAPPHIRE EUROTOP

Mattress Thickness: 10"-11" (Tolerance \pm 1/2")

Warranty: 10 Years Non-Prorated

MATTRESS COMPONENTS:

The Regency models use a selection of the following materials depending on your comfort choice.

SIZE	COIL COUNT
TWIN	450
FULL	660
QUEEN	800
KING	1015

The Regency Sapphire is padded equally on both sides of the mattress. The Regency Sapphire EuroTop has pillow top padding on one side only and cannot be flipped.

- "Regency" Innerspring: 14 1/2 Gauge Offset Coil with 5 Turns and a 6 Gauge Border Rod
- Convoluted Polyurethane Foam Topper
- Blended Cotton Felt Insulator Pad
- FR Innerliner or FR Fiber
- Quilted Panel Featuring a Damask Fabric Cover
- Handles ~ designed not to pull out when turning your mattress

BOX SPRING COMPONENTS:

- Amish Built Wood Frames ~ featuring 1" x 4" side slats and 1" x 3" cross slats
- Blended Cotton Felt Insulator Pad
- Skid Resistant Fabric Cover
- Torsion Grid Modules ~ provide shock absorption and durability
- Special Sinuous Wire Springs ~ provide added corner strength
- Hand-Tailored Box Spring Cover
- Standard box springs are approximately 8" high. Low profile box springs, which are approximately 5" high, are available upon request for an additional charge.

* Note: Set price includes mattress and box spring. We will sell mattresses and box springs separately, but please note that they are designed to work together. If you do not purchase a matching set, you may shorten the life and/or alter the comfort of your new mattress.
